8th September 1915.

Dear Sir,

I have to inform you that a letter has been received from Mr. McClelland, of New York, stating that the order for the 353 ft. steamer designed by Mr. T.E. Ferris for the New York & Cuba Mail Steamship Co. (Ward Line) has been placed with the Seattle Construction & Dry Dock Co., and that the yard No. 85 has been assigned to the vessel.

The sketch of midship section has been approved by Mr. McClelland for this vessel, and I shall be glad if you will forward to this Office in due course the usual form of request for the special survey during construction.

I am, Dear Sir,

Yours faithfully,

Secretary.

James Fowler, Esq.,
