Via A. Depretis, 31, 12th September, 1924.

Dear Sir,

With reference to your letter of the 5th instant regarding the proposed classification with this Society of the ss. " KOEFIA ", I beg to inform you that I am in receipt of a letter from the Owners asking as follows:

1) Provided the proposed alterations be carried out, what will be the maximum draught permitted ?

2) Could the requirements referred to be reduced in accordance with and to fit the actual freeboard ? (see attached verification). In this case may the proposed class of the vessel be amended to 100 A- with freeboard ?

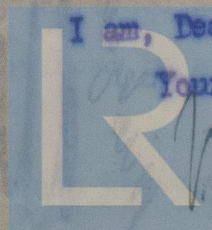

This vessel is at present unloading at Naples, a Telegraphic reply would therefore be appreciated as the Owners are doubtful as to whether the required alterations are worth while carrying out without an advantage to them, in the present tonnage capacity.

I am, Dear Sir,

Yours faithfully,

The Secretary,

LONDON.
