This vessel's Boiler Survey became due in May last.

In reply to enquiry the Naples Surveyor now forwards a copy of a letter he has received from the Owner stating that as this is an old vessel and will probably be broken up he does not consider it to be of use to retain her classification with this Society, as she is also classed with the Registro Italiano.

The Classing Committee had the case before them on Tuesday, 26th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owner's request.

28th July, 1932.
