Reference

Hong kong September 7th, 1928.

The Secretary,
London.

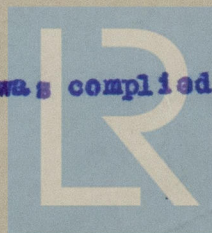

Dear Sir,

I have to acknowledge receipt of your classing letter of August 8th. enclosing two certificates for the M/V. "P.ABOITIZ", and beg to advise that the certificates have been handed over to the Builders for transmission to the Owners.

With reference to the thickness of the flanged floors and the size of the upper deck beams, I have to state that the sizes given on the report are as fitted.

In the approved plan of midship section the floors and upper deck beams were amended, but were later approved as originally submitted, subject to the un-supported span of the upper deck beams not exceeding 11 ft. (See copy of kobe letter attached).

As this condition was complied with by altering
