SMITHS BANK BRANCH.

R/F. Grimsby Docks, 18th. May. 1932.

The Surveyor,
Lloyd's Register of Shipping,
Bank Chambers,
GRIMSBY.

Dear Sir,

S.T."WORSLEY"

We thank you for your letter of to-day's date informing us that your Committee have further deferred consideration of the Survey of the above named vessel, subject to the Boiler Survey which became due at the end of October last being carried out before she is again placed in commission.

We have to inform you that we are quite agreeable to this condition and we undertake to apprise potential purchasers of the vessel accordingly. We note that such condition is imperative to the continuance of the vessel's present classification in the Register and we have also made a record that your Committee are agreeable to the 2nd. Special Survey No.2, which became due at the end of September last, being postponed for the present.

Yours faithfully,

MANAGER.
