Hamburg, 11th May, 1932.

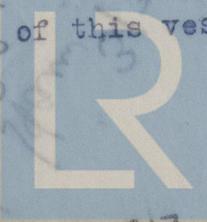

Dear Sir,

Reverting to your letter of the 9th instant regarding the case of the s.s. "IRMA SCHINDLER" I have to advise you that in consequence of certain information which had come to my knowledge I communicated today with Mr. Rosenbaum of Messrs. Oelwerke Julius Schindler, of this Port, who stated that his firm has repurchased the vessel and it is the intention of Messrs. Schindler to employ the vessel as a depot vessel for the storage of oil. The vessel will be towed to the port where she is to be laid up and it is further quite probable that the Owners will withdraw the vessel from the classification in the Society's Register Book. A number of points in connection with the negotiations which are taking place between the present Owners and Messrs. Schindler are still not finally settled and Mr. Rosenbaum requested me to treat the information now given as confidential for the present.

I have arranged with Mr. Rosenbaum to advise this Office in writing when definite information regarding the Owners' intentions in respect of this vessel is available.

The Secretary,

LONDON

I am, Dear Sir,

Yours faithfully,

Alfred Nicholson
