Dear Sirs,

Your letter dated 2nd instant respecting the case of your steam trawler "BASSANIO" has only this morning been received at this Office, which will explain any delay which you may consider has occurred in dealing with the matter.

It is noted that you take exception to the Committee's action in dealing with this vessel's class, and in view of your statement that repairs were put in hand when the vessel was in drydock recently, the Society's Principal Surveyor at Hull is being requested to further investigate the matter, and on hearing from him I shall not fail to write you in due course.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.

St. Andrew's Dock,
