Enclosure.

23rd March, 1933.

Dear Sir,

S. I duly received your letter of the 17th instant respecting the steamer "AGHIOS SPYRIDON", and having submitted the case to the Committee at their meeting to-day, I think it well to enclose herewith a copy of a letter which has been addressed to the Owners, from which you will see that the Committee regret that they have had no alternative but to give instructions for the vessel's class to be expunged from the Society's Register Book with a red line, indicating noncompliance with the Rules.

I am, Dear Sir,

Yours faithfully,

Clerk to the  
Classification Committee.

L.S. Polychroniadis, Esq.,
