Action in this case has been deferred by the Committee from time to time in view of the vessel being laid up at Piraeus, and on the 1st instant the Owners' London Representative was asked to obtain the Owners' signature to the usual printed form of undertaking.

The Owners' Consulting Engineer now forwards a letter from the Owners' Agents, reading as follows, viz:-

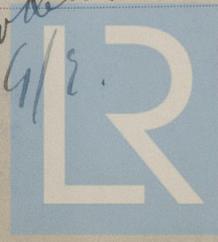

"The Owners are negotiating the vessel's sale for breaking up with delivery West Italy. We shall therefore be glad if you will approach the Classification Society requesting them for

permission for a voyage from Piræus to the Black Sea thence  
at Italy, where it is proposed to end the life of this vessel.  
You are aware the survey has been started and for over a  
year she has been laid up at Piræus. We trust therefore that  
the Society will take these facts into consideration and in the  
special circumstances grant the permission for which the Owners  
ask."

It is submitted that, provided the Piræus Surveyors  
make a general examination of the vessel and engines and carry  
out a complete Boiler Survey and satisfy themselves that the  
vessel is in a fit condition for the proposed Black Sea voyage,  
having in view the nature of the intended cargo, that the proposal  
ought be agreed to
