27 JAN 1933.

The Boiler and Screw Shaft Surveys become due 1.33 and ~~the a~~
~~and~~ S.S. No. 3 will be due in 5.33 (after an early No.3).

A letter has now been received from the Bremen Surveyor
stating that for reasons of economy the Owners have decided not to
retain the Society's class.

The Surveyor states that he has interviewed Director Biedermann
regarding the case, but it is submitted that the matter might be referred
to Mr. Chisholm, the Society's Principal Surveyor for Germany, before
taking further action.
