Steamers "KONIGIN LUISE", "PRINZ LUDWIG" and "ZEPPELIN".

---

I called and saw Mr. Veale, of the Orient Steam Navigation Co., Ltd., and he informed me that the "KONIGIN LUISE" was now running for them and no action would be taken in regard to submitting her to the survey of the Society's Surveyors: also that only a Passenger Certificate would be obtained by them for this vessel.

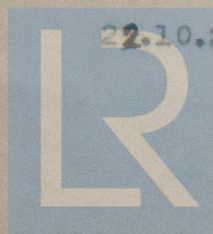

---

Mr. Veale also stated that the steamers "PRINZ LUDWIG" and "ZEPPELIN" were engaged in Treeping and would be delivered to the Orient S.N.Co., Ltd. in March or April next. Mr. Veale suggested that the question of <sup>should be raised</sup> classification/about that time, and added they had been unable to obtain any plans of the above vessels and that he would deem it a favour, in the event of the Society being able to get the plans, if they would furnish him with either the originals or copies.

Mr. Veale also intimated he would like to be informed as soon as possible of the nature of the survey for classification which would be required by the Society.
