71, Fenchurch Street, E.C. 3.

15th March, 1920.

Dear Sirs,

With reference to your report No. 4337 on the Double Reduction Gear made by Messrs. David Brown & Sons of Huddersfield and intended for Messrs. Richardsons, Westgarth & Co., West Hartlepool to be used with Standard N.1 Turbines, I have to inform you that the Society's Surveyors at West Hartlepool report that these gears have been fitted into the machinery which has been installed on board the Steamer "ROANA" (ex "WAR CRAFT").

The proportion of the total fee due for the survey of these gears by you, is £24: 3: 0, and you will be good enough to see that the necessary entries are now made in your Rough Fee and Debit Books in the usual way.

I am, Dear Sirs,

Yours faithfully,

Assistant to the Secretary.

The Surveyors,

MANCHESTER.
