The Second Special Survey No.2, which became due on this vessel in December, 1931, has been partly held.

The vessel has been laid up, and the Owners were asked to furnish the usual undertaking in January last.

In reply they now intimate, in a letter addressed to the Vancouver Surveyors, that it is not their intention to continue the tug's classification in the Society's Register Book.

The Classing Committee had the case before them on Friday, 3rd instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

27th March, 1933.
