

s.s. "ELPIDOPHOROS"

As desired I called on Messrs. Griffiths Tate & Co. and was informed by their Representative that they had been negotiating the sale of this vessel and that she has been sold to Italian buyers, subject to a certificate being obtained to enable her to be towed to a near Italian port.

Messrs. Griffiths Tate & Co's Representative added that so far as he is aware no certificate has been issued by the Marseilles Surveyor, but that the new Owner has proceeded to that port to see the Surveyor in regard to the case.
