-----  
In reply to enquiry regarding the Special Survey No.1,  
which became due on this vessel in December last, the Owners  
now write that the vessel is operating on the Magdalena River,  
Colombia, and they do not desire to continue her classification  
in the Society's Register Book.

The Classing Committee, who had the case before them  
on Tuesday, 10th instant, therefore decided to give  
instructions for the vessel's character to be withdrawn from  
the Register Book and three dots (...) inserted in lieu  
thereof, indicating withdrawal of class at Owners' request.
