ST. THOMAS, V.I.

ST. THOMAS, V.I., of U.S.A.,

17th March, 1930.

The Chief Surveyor,

"Lloyd's Register of Shipping",

NEW YORK.

REC'D NEW YORK MAR 24 1930

Dear Sir,

BARGE "PEDRITO".

I confirm my letter of the 12th instant and have to acknowledge receipt of your telegram of like date.

On receipt of your message I again took the matter of the above vessel with the two Surveyors and after discussing it thoroughly with them a reply was agreed upon, reading :-

"Pedrito surveyors consider repairs can be deferred
"four months without undue risk" -Larkin-

The Surveyors state that there was very little extra signs of wear and that, with careful navigation, they consider that the craft can be run, without undue risk, for a period of four months, but they state that after that period the renewals and repairs to plating must then be undertaken without fail.

I beg to enclose herewith Cable Company's receipt for cost of telegram sent, (\$4.00) and shall be glad to be reimbursed at your convenience.

I am, dear Sir,

Yours truly,

W1237-0120

Referred to the Chief Ship Surveyor.

Referred to Mr. S. A. Hill.
