Received from Chief Ship Surveyor _____

VESSEL'S NAME STEEL S.S. "ONEGA" Rpt. Belfast No. 8256

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey First Entry.

This vessel is proceeding to Glasgow to have machinery installed & to complete the survey, the following remain to be done.

Steam steering gear, quadrant, tiller & relieving tackle to be fitted & tested
Forecastle deck to be hose tested after fitting deck plates over house pipes ✓
Engine & Boiler Casings to be nicked up. ✓

The Glasgow Surveyors should be advised & requested to forward a report on form 8, when the survey is completed.

The Belfast Surveyors should be informed, it is concluded that the Bridge deck & Upper Deck in way of Bridge, are increased in way of openings as approved, and that the painting arrangement is as approved, but they should be requested to state if this is so
