MARINE SURVEYOR  
SURVEYOR FOR LLOYD'S REGISTER  
B. & F. S.

TELEGRAPHIC ADDRESS:  
"ORION" RANGOON.

Rangoon, 2nd. April 1928.

Andrew Scott Esquire,  
Secretary Lloyd's Register,  
LONDON. E.C.

Dear Sir,

Dredger "Megohm"

I duly received your cablegram on the 28th. Ultimo which read as follows:-

" MEGOHM Please refer to your report No. 573. Owners state test certificate forwarded Owners Agents 23rd. June 1927 make further enquires and cable when certificates endorsed?"

On receipt of the above I immediately got in touch with the Agents at this port and on further enquires being made by them, they found that the anchor and chain certificates had been sent direct from home to the Oil fields up-country.

The Agents informed me that they would have them sent down to Rangoon as soon as possible.

The certificates having arrived were handed to me to-day, and after verifying same I endorsed them and sent you the following cablegram.

"Megohm equipment certificates endorsed"

"Orion"

I enclose herewith a supplement to my Report of Survey No. 573, giving particulars of the vessel's equipment.

I am, Dear Sir,

Yours faithfully,

R. P. Taylor  
Surveyor to Lloyd's Register.

W1240-0028

Referred to the Chief Ship Surveyor.

72M.
