Dear Sirs,

I beg to acknowledge the receipt of your letter of the 23rd instant, from which I note that the anchor certificates relating to your new suction dredger "MEGOH", together with the wire rope certificates were sent to your representative in Burmah on the 23rd June last, and that you are arranging for the certificates to be presented to the Society's Surveyor for endorsement.

I also note what you say in regard to the vessel being fitted with a complete installation for burning heavy oil fuel.

I may add that in order, if possible, to facilitate the issuing of the classification certificates, I have communicated with the Society's Surveyor at Rangoon by cablegram in the Society's private code regarding the above matters.

I am, Dear Sirs,

Yours faithfully,
