

COPY.

Suction Dredger Yard No.490.

At the same time I enclose copies of reports on the machinery and boilers of the vessel, together with the plan of the boilers, and I shall be glad if you will be careful to see that all the enclosed plans are returned to this Office in due course, on completion of the vessel.

In forwarding your Report, you should state the name which has been given to the ship, also whether the inner surfaces of the bottom plating are protected by cement, and if so, to what extent.

I am, Dear Sir,

Yours faithfully,

Secretary.

G.N.Macminn, Esq.,
