

of Ship Surveyor

Received from Chief Ship Surveyor

AME St L Suction Dredges YARD No 490
Heming & Lequeens Rpt. No. 46813.

Remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement. —Extract from Sub-Committee's Report, 24/5/92.

Key

Vessel after erection has been dismantled for shipment to Rangoon re-erection.

When submitted the Rangoon Surveyor be advised and supplied with a copy of the plans and report and he should be requested to give the necessary attention and to forward a report on form 8 when survey is completed.

When forwarding his report he should state the name of the vessel whether the inner surfaces of the bottom plating is protected by cement. At the completion of survey, see report.
