- - - - -

The Screwshaft Survey became due 5,31 and the Boiler Survey 6,31.

In reply to enquiry the Kobe Surveyors now write that the vessel has been sold and the new Owners do not desire to continue her classification as she is trading in the inland season only. A translation of a letter from the new Owners to this effect is enclosed.

The Classing Committee had the case before them on Friday, 24th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

30th July, 1931.
