Rotterdam. 10th April 1926.

Dear Mr. Scott,

With reference to the case of the steamer "ANDJK", I may state that I have been heard before the Shipping Council on Thursday last, and in connection therewith the report in the paper "Het Algemeen Handelsblad" of Friday-morning last, represents fairly well the various statements which have been offered, and with a view thereto I thought it well to enclose herewith this paper and attach thereto a brief translation of the report.

According to the opinion of the outstanding members this case will no doubt be settled on our behalf, but as soon as the Shipping Council has taken its conclusions I will let you know.

I am, Dear Sir,

Yours faithfully,

A. Scott, Esq.,

LONDON.
