UNDERTAKING CASE.

Boiler Survey due 6,30.
 2nd Special Survey No.2 due 6,31.

This vessel has been laid up in the Tyne for some
 time past and the Receiver and Manager undertook to carry out
 the Boiler Survey before she proceeded to sea.

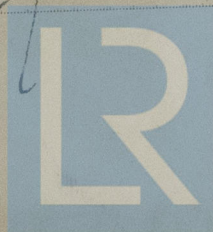

At the end of June the Receiver and Manager stated
 that the steamer was moored in Tyne Dock, South Shields, and
 that he was making every effort possible to find a purchaser
 and would, therefore, be glad if the Special Survey might be
 postponed for a time. Consideration of the case was accordingly
 deferred by the Committee.

The vessel has now become the property of Mr. V.

Skógland, who has informed the Bergen Surveyor that although she is now classed with the Det Norske Veritas he intends to maintain this Society's classification.

The new Owner adds that he expects to go to Newcastle shortly when he will call at the Society's Office at that port to make arrangements for the requisite surveys.
