

s. s. "CAMBRIAN DUCHESS."

Boiler Survey due 6,30.

2nd S.S.No.2 due 6,31.

This vessel is laid up and on the 19th February last, the Receiver and Manager gave an undertaking that while she remained in his Ownership, the boiler and all outstanding repairs would be carried out before she proceeded to sea.

The Newcastle Surveyors now write that they understand the vessel has been sold to Mr.W.Skogland of Haugesund and that he proposes to withdraw the class from the Society's class and to class her with the Norwegian Veritas.

The Bergen Surveyor was asked by cable to ascertain from the New Owners whether the boiler survey and special survey would be carried out before the vessel sails, to entitle the class to be maintained.

The Bergen Surveyor has replied as follows:-

"Cambrian Duchess Owner will inform me next week respecting surveys"

IT IS SUBMITTED action be deferred.
