Dear Sir,

At 5 o'clock this evening we received a telephone message from the Dartmouth Coaling Co. informing us that some Italian representatives had arrived at their Port with the intention, as far as they were aware, to take over the above vessel for a voyage to an Italian Port where they understand the vessel is to be broken up.

They informed us that they had no definite instructions from the old Owners that the vessel had changed hands but were simply transmitting a telephone message from the representatives of the new Owners who had arrived at their Office and were requesting the attendance of a Surveyor on board.

Will you kindly wire instructions tomorrow morning as to what survey is required in the above case, as they appear to infer that they had been in consultation with you respecting this case.

Thanking you for your kind attention.

I am, Dear Sir,

Yours faithfully,

A. T. Thomas
