In reply to your inquiry contained in your classing letter of the 8th. inst. respecting the tank top middle line strake of the new steel sc. st. "ALDA", Bremen Report No. 232, I beg to inform you, that the thickness of this strake amidships is .54" and not .44" as reported by an error of writing.

I am, Sir,

Your obedient Servant,

*A. F. W. Preuss*The Secretary, London H.C.

In reply to your inquiry contained in your

assessing letter of the 8th inst. regarding the tank top
and the state of the new steel as at "ALDA". Bremen
and to ascertain the extent of the damage to the
as yet damaged as "44". For the "42" at the same time
and to the "42" to the "44".

I am, Sir,

Yours obedient servant,
