The Secretary
London

Sir

I beg to inform you that we have been asked by the Master of the French steamer "Mogador" 20951 in Register Book to examine some boiler repairs (leaky rivets), but reference to the Register Book the vessel does not appear to be classed with this Society, the Master however states that she has been under survey recently with a view to classification.

We shall therefore be glad if you will kindly advise, by telegram if possible, how the case stands, so we take any action in the matter.

Yours, Sir,

Your obedient servant
L. B. Jones
