London.

Sir,

s.s. "Scotsraig". I do not appear to have received certificates for the No 3 special survey carried out on the above in February 1928 for both Hull and Machinery. I also wish to have the certificate for the boiler survey started here and completed towards June of last year. I shall esteem it a favour if you please send these to the Royal Bank of Scotland 123 Bishopsgate for my account. They will deal with them for me.

Yours faithfully,

E.J. Leslie
