S/S 'Seotsrang'

Mr,

I am in receipt of your letter of yesterday and note contents. Word from Hong Kong to the effect that the cargo was being discharged slowly owing to the fact that there was not sufficient steam. This is due to the boilers being cleaned but I have had no definite news from the Chief Engineer as to what has been done. The ship is due at Liverpool end of this week and I shall have a letter awaiting the Chief Engineer asking for a full report on the matter and when I have his reply I will let you know at once.

Yours faithfully,
