The Boiler Survey became due in September last.

In reply to enquiry the Amsterdam Surveyors forward a letter they have received from the Owners stating that it is not their intention to maintain this vessel's classification in the Society's Register Book.

The Classing Committee had the case before them on Friday, 8th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

14th January, 1932.
