

# Lloyd's Register of Shipping,

20, Canute Road,

Southampton, 4th April. 1921.

H.A. Ruck-Keene Esq.,

LONDON.

S.S. "ARABIC" ex "BERLIN".

Dear Mr. Ruck-Keene,

With reference to the classification of the machinery and boilers of this vessel, the Board of Trade Surveyors have recently examined them and the owners request that we will not ask them to open all up again at present, as we can examine them within 12 months. We propose examining the boilers and say one or two cylinders and pistons of each engine and some main and crank shaft bearings. As the Board of Trade Surveyors assure me that all is in order I hope the above will meet the Committee's requirements in this case.

With kind regards.

Yours faithfully,

*R. Elliott*
