71, Fenchurch Street, E.C. 3.

Enclosures.

1st April, 1921.

Dear Sirs,

I duly received your letter of the 24th ultimo
submitting for the consideration of the Committee plans of the
in boilers together with particulars of the shafting of the
"ARABIC" ex "BERLIN" built in 1908 under the supervision
the Surveyors to the Germanischer Lloyd, and now under survey
your port with a view to classification with this Society,
and with regard thereto I am directed to acquaint you that
provided the working parts of the engines be opened out and
examined and found in good order and safe working condition and
in accordance with the Rules: the boilers be examined throughout
and the furnaces be found to shew no sign of strain; their
fittings be in accordance with the plans and the boilers be
found in good order and safe working condition; the pumping
arrangements be in order and in accordance with the Rules; the
machinery will be accepted in this instance for the working
pressure of 15.5 kilogrammes per square centimetre (220 pounds
square inch), and a notation of LMC (with date) without the
distinguishing mark * assigned.

2.

I have to request that you will state the diameter of the propellers, whether the screw shaft is fitted with a continuous liner or otherwise, and that you will forward a plan of the pumping arrangements.

The plans forwarded are returned herewith.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

SOUTHAMPTON.
