Re: Tug "HULLMAN"

Dear Sir:-

We have your cable of recent date concerning this tug and we regret to have to say that under the circumstances we shall have to forego the registration of this ship with your Association.

This tug has recently been hauled up at our Yards and thoroughly inspected by the Canadian Government Steamship Inspector and a Certificate has been delivered to us.

The "Hullman" is presently at work in the lower St.-Lawrence and it is out of the question to recall it for another inspection. This tug will hibernate in our yards at Sorel and if you have something to propose to us to be done this winter, we would be pleased to hear it otherwise, much to our regret, we cannot do anything before the close of the Season.

Yours very truly,

MANSEAU SHIPYARDS, LIMITED
