Survey Due Screwshaft Survey due *4.30.*
 Boiler Survey due *4.31.*
 2nd Special Survey No.1 due *5.31.*

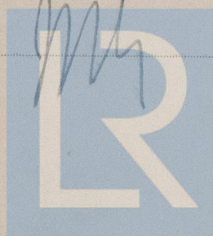

This case has received the consideration of the Committee from time to time and was last before them at the beginning of January when action was deferred subject to the screwshaft survey being held without fail before the vessel resumed service in view of a communication which had been received from the Montreal Surveyor stating that the vessel was laid up at Quebec for the winter, but that she would be placed in drydock for the examination of the screwshaft before the opening of navigation.

Committee's Minute In reply to further enquiry, the Montreal Surveyor
