

J. Richter's 578

21 JUL 1931

(Received at London Office.....19...)

No. _____ Place Cowes. I.W. Date 6th July 1931.

We request that the Committee of Lloyd's Register will instruct the Society's Surveyors to survey One White-Forster Water Tube Boiler being manufactured for Messrs. Plenty & Company of Newbury, having 900 sq. feet heating surface, oil fired with ashpit forced draught and 200 lbs. per sq. inch working pressure.

We undertake to arrange for every facility to be given to the Surveyors to carry out the duty in question, and we agree to pay the fees for the Surveyors' services, in addition to the actual travelling and other expenses incurred by the Surveyors in connexion therewith.

This request is made upon the terms of the Rules and Regulations of Lloyd's Register of Shipping, which provide that:—

While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society.

For J. Samuel White & Company Ltd.,

J. Samuel White
Managing Director.

To the Secretary,

Lloyd's Register of Shipping,

71, Fenchurch Street, London. E.C 3.
