Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

ENCLOSURE

15th August, 1932.

Dear Sirs,

I have to acquaint you that the steamer "DIONI" recently arrived at Bremen and the Society's Surveyors have been informed that she is proceeding to Salonika, and that the outstanding matters of survey will be dealt with on her arrival at a home port.

Extracts from the reports dealing with the 3rd Special Survey No.1 on the hull and the repairs are enclosed herewith for your information and guidance, and I have to say that indented shell plate G.3 on the port side requires to be dealt with at a favourable opportunity. To complete the machinery survey and entitle the vessel to the record *LMC 6,32 the sea connections require to be examined.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

PIRAEUS.

pro Secretary.
