ENCLOSURES

Dear Sirs,

I enclose herewith for your information and guidance the correspondence recently addressed from this Office and from the Hamburg Surveyors to the Society's Surveyor at Boulogne relative to the completion of the 2nd Special Survey No.2 of the steamer "PRESTO", and as it is understood that the steamer is proceeding to Rotterdam to carry out the survey I shall be glad if you will give the case attention.

I may say that no part of the survey has been held at Boulogne.

A print of the midship section, together with drilling sheets, is enclosed, and I shall be glad if you will return the print to this Office with your report.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

ROTTERDAM.
