Plans under separate cover

Dear Sirs,

With reference to Naples First Entry Report No.2013 on the S.S."GIULIA PEIRCE" I have to request that you will be good enough to amend the approved plans (which are returned herewith for the purpose) to be in accordance with the vessel as built, and that you will state in view of the spacing of the rivets in the shell seams being reported as  $4\frac{1}{2}$  diameters, whether additional rivets have been introduced in the seams where the rivet spacing was very wide, as arranged when Mr. Ives joined Mr.Roberts in the special survey of the vessel.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NAPLES.
