19th August, 1921.

Dear Sirs,

With reference to my letter of the 28th ultimo regarding the donkey boiler of the S.S. "GIULIA PEIRCE", I have to acquaint you that I have since received your Report Form 5b containing particulars of this boiler.

With regard to the proposed hydraulic test on the boiler, I have to acquaint you that this may be dispensed with, unless you consider the test to be necessary.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,  
NAPLES.
