Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

Enclosure.

28th July, 1921.

Dear Sirs,

I duly received Mr. Roberts' letter of the 22nd instant enclosing a plan of the donkey boiler fitted on board the S.S. "GIULIA PIERCE", and note that this boiler has been made under the supervision of the Surveyors to the British Corporation.

The plan in question is returned herewith, and I am directed to state that in the circumstances the donkey boiler will be accepted in this instance for a working pressure of 100 lbs., per sq. inch.

I shall be glad if you will be good enough to forward full particulars of this boiler on report form 5b and also return the plan to this Office.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NAPLES.
