4th September, 1920.

The Captain & Owners

S.S. "WUGO MARU".

Dear Sirs,

At the request of the Captain of the S.S. "WUGO MARU",
I attended on board the above vessel and verified the freeboard
markings as stated in our Yokohama Surveyors' letter of July 22nd.
1920, which are as follows:-

Summer Freeboard	6'-8" to centre of disc from top of statutory deck line.
Fresh Water	6" above centre of disc.
Indian Summer	5" above centre of disc.
Winter	5" below centre of disc.

As we have no particulars in this office regarding these
figures, other than the Yokohama Surveyors' letter, and, as this
vessel is now proceeding to Yokohama, I would recommend that these
figures be checked at that port from the provisional or final
freeboard certificate, which may now be to hand, after which the
marks may be cut in.

Yours faithfully,

(Signed) J.S.GARDINER.
