GULF REFINING COMPANY,
17, Battery Place,
NEW YORK.

December, 5th, 1932.

Mr. J French, Chief Surveyor,
Lloyd's Register of Shipping,
17, Battery Place, NEW YORK.

Dear Mr. French:-

In regard to our conversation relating to out
s.s. "MONAGAS" having become overdue on Special Survey
No. 1 while laid up in Lake Maracaibo, Venezuela?--

As there is no opportunity or facilities there
for conducting this survey, we will make it a point of
having it dealt with at the very first opportunity after
the vessel goes into commission, and in the event of the vessel
being offered for sale, it follows that intending purchasers
would be fully informed of the classification situation.

In the event of any of our other vessels being
involved in a similar situation, which is not unlikely,
please understand that the same conditions will apply.

Very truly yours,

(signed) J. Kennedy.
