Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

2nd June, 1933.

Dear Sir,

H.  
I have to acknowledge the receipt of your letter of the 19th ultimo relative to the steamer "CABIMAS", from which it is noted that steam has not been raised in the boilers of this vessel and that this will not be done until she is again placed in commission, and I have to say that in the circumstances it is not considered necessary for a general examination of these boilers to be held at this time.

I am, Dear Sir,

Yours faithfully,

Clerk to the  
Classification Committee.

James French Esq.,

NEW YORK.
