

two liners are fitted, is the shaft lapped or protected between the liners.

Is an approved appliance fitted

it being efficiently lubricated

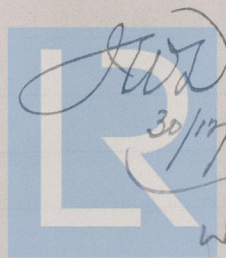

2"

s/s " Babimas "

Sld 28967.

It is Submitted the Newcastle Surveyors be requested to state whether they can recommend a
order of 12. 24 for the machinery of this vessel
order to bring it into line with that of the
all, as the First Entry on the machinery sent
them on the 15th inst. has been returned
without remark.

Action to be deferred.
