Enclosures.

18th May, 1906.

Sir,

With reference to the Steamer "VISIGOTH" recently built under Special Survey by Messrs. A. McMillan & Son, Ltd., I enclose herewith for the information of the Glasgow Committee a letter dated 14th instant with enclosure which has been received from the Owners of the vessel with reference to the pump suction at the after part. I have at the same time to enclose a report No. 6930 which has been received from the Society's Surveyors at Antwerp of an examination made by them of the pumping arrangement in question and with regard thereto it is suggested that the Surveyors under whose inspection the vessel was built should be requested to report upon the whole matter for the information of the Committee.

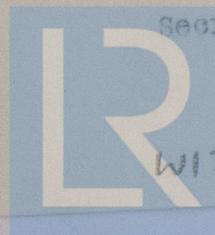

I shall be glad if you will kindly return the enclosed papers with your reply.

I am, Sir,

Your obedient servant,

T. J. Dodd, Esq.,

GLASGOW.

Secretary
