20th November, 1933.

Dear Sirs,

With reference to my letter of the 14th instant respecting the general examination which you have requested could be held on the steamer "STYLIANOS COUTSODONTIS", which at present laid up at Salonica, I think it well to let you know that I am to-day in receipt of a cablegram from the Society's Surveyors at Piraeus, who have been requested to give the matter attention stating that their fees and expenses in fitting the vessel at Salonica to carry out the general examination required would probably total about £30.

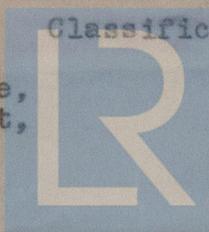

In the circumstances perhaps you will be good enough to let me know whether you are prepared to incur this liability before the Surveyors arrange to proceed to Salonica for the purpose of carrying the survey referred to.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.
