

2 - AUG 1933

S.S. "STYLIANOS COUTSODONTIS"

It is submitted the Piraeus Surveyors be advised regarding the General Examination required, and asked to state what fee they would suggest charging, and to state to state travelling expenses would be incurred. They might be informed for their guidance that for a similar examination in this country £3-3-0 would be charged.

Messrs. Michalinos & Co. might be advised that the Surveyors are being communicated with and informed that a further letter will be sent to them on receipt of their reply.
