The Boiler Survey became due on this vessel
in February last.

The Kobe Surveyors now forward a translation of
a letter received from the Owners to the effect that they do not
desire to continue the vessel's classification with this
Society. The Surveyors add they understand the vessel is to
be engaged in coastwise trade only.

The Classing Committee had the case before
them on Tuesday, the 26th instant, when it was decided
to give instructions for the vessel's class to be withdrawn
from the Register Book, and three dots (...) inserted in
lieu, indicating withdrawal of class at Owners' request.

27th March, 1935.
