

RD REPORT on the

S.S. "Keigo Maru."

Memo for Mr. White.

Freeboards were assigned to this vessel on 3.8.23, but as she is a sister vessel to several others, and all have the same freeboards, the marks were verified and a provisional certificate issued by the Surveyor on 21.7.21.

It will probably be 2 months before the usual freeboard verification form arrives, and to enable the Classification Certificate to be prepared a memo was given indicating the freeboards assigned.

There appears to be no reason, in this case, why the record of freeboard ( $4'-10\frac{1}{2}"$ ) and draught ( $23'-8"$ ) should not be entered in Register Book and the record should therefore be made.
